To Start School Paper Again.

The student body of Windham High School held a meeting in the assembly hall, Thursday morning, for the purpose of discussing the meeting which was to be held in the evening at the town hall. Mr. Case presided and told of the speakers at the meeting in Hartford.

He then introduced the matter of the Wyndonian, the school paper. Nothing has been done so far this year in regard to starting it again and how the school would support it was in doubt. Mr. Case went into one of the rooms and asked each student if they wanted to subscribe this year and all answered in the affirmative. A canvass will be made today (Friday) to get subscriptions.

Night School in Session.

The Willimantic night school, at the Natchaug School has an average attendance of about 85 pupils. The school opened a week ago last Monday with an attendance of 87 and the students are very regular in their attendance.

Start on Velvet Mill Addition.

The first truck load of material for the new addition to the local branch of the Velvet Mill, was delivered in this city at about noon, Thursday. The truck was driven to the mill and unloaded.

One of the bosses said that the work would commence at once Thursday afternoon if possible. Most of the equipment will be brought to this city by auto trucks. The contract specifies that the addition shall be completed in 40 days, commencing with next Monday. Local men will be hired as far as possible.

New Room at Natchaug School.

The new room at the Natchaug School, which was formed by placing a partition in the assembly hall will be used next Monday morning. The school has grown very much in the past few years, in fact some of the grades had at least fifty pupils in each room. This made it impossible for each child to receive the proper attention so Principal Harroun asked the school board to partition off a part of the assembly hall into a room, to be used as a combination room, in which students from the third grade will predominate. Even with the extra room the first three grades will average 37 students. Mrs. Marjorie Root will teach this room. Mrs. Robert Rosa has started as an assistant in the office and substitute teacher.

Visited Woman's Relief Corps.

The Woman's Relief corps held a supper at their rooms in the town hall, Wednesday evening in honor of the assistant department inspector, Mrs. Carrie E. Dawley of Pawcatuck.

THOUSANDS WATCH HUMAN FLY

Jack Williams Climbs Building to the Delight of the Crowd—Collects \$130.

Thursday evening at 6:45, people began to collect on the corner of Church and Main streets, where Jack Williams, the Human Fly, planned to do his stunts. He was late and the crowd of 3,000 patiently waited for about half an hour. The Willimantic Home Guard passed the hat for a collection for Williams, collecting \$130.59, 30 per cent. of which, \$39.20, went to the local Council of Defense, which had charge of the mass meeting at the town hall Thursday evening. After explaining what he was going to do, Williams started up the side of the building by way of the awning rod in front of the Church Reed store. Several times he appeared to be nearly stuck, the worst time being when he tried to get up to the cornice. At 9:17 he succeeded, by swinging his body like a pendulum in getting over the edge of the building, to the immense gratification of the crowd.

When he came down, Wheeler's American band formed in line, with the Home Guard following and marched to the town hall. Here Jack wanted to do some more stunts so he climbed the superior art room window of the town building. The people watching him crowded all over the lawn.

Main street from North to Union street and the foot of the Reed store was packed solidly with people. So dense was the crowd in the street that the policeman placed a barrier to keep a lane open to permit traffic. It took the South Coventry trolley five minutes to go from North street to Lincoln. The Home guard cleared the sidewalk in front of the Turner block, which Mr. Williams ascended. Jack has agreed to paint the flagpole of the Murray block, as Mr. Murray could not get anyone else to do it. He will do this Friday morning. He shinned up the pole Thursday afternoon and removed the gilded ball from the summit.

LIBERTY BOND RALLY

HELD AT TOWN HALL

Judge Frank H. Foss Announces New Slogan: "Somewhere in Germany by July 4th!"—New York and Boston Speakers.

After watching the "Human Fly" the crowd went into the town hall, filling the auditorium to capacity. The meeting was called to order by Judge Frank H. Foss, president of the local Chamber of Commerce, under whose auspices, in addition to the Council of Defense, the rally was given. Mr. Foss said in opening the rally:

"It has fallen to my lot as president of the local Chamber of Commerce to introduce the speakers of the evening. This is the first rally, outside of the one in Hartford, of a series of rallies for the second Liberty Loan campaign. Shell fire is necessary to the advance of the troops in the trenches and this barrage, as it is called, will protect all of our allies while it destroys our enemies." At the meeting which was held in Hartford, following the slogan "Somewhere in Germany by July Fourth."

Arthur Watermeyer Speaks.

Frank P. Fenton, chairman of the local Council of Defense, introduced briefly, referring to Arthur Watermeyer, of New York as a speaker of renown, who has addressed 167,000 people in 77 addresses. He is well known as a traveler, lecturer and author.

Mr. Watermeyer said when presenting the United States in the most influential corporation in the world but for the past years, the smell of gunpowder and its use has not been discussed. He said that the Liberty Loan talk principally about the Liberty Loan and Mr. Cautious Investor. As to the question is the bond safe? Two words, yes and no. It is safe in backing it, and the earning capacity of the country is forty billion, so the total amount of the bonds are 8 per cent. of the earning capacity of the country. Every factory, mill and mine in this country is as collateral of this bond.

What Bonds Will Do.

What will this money do? It has built army cantonments which seemed impossible to the civilian. Enough lumber has been used to build a board walk several times around the earth. A building 34 by 100 feet and two stories high was completed in one and one half hours. In the navy, 68 thousand men were enlisted and 100 thousand are enlisted, with the marine corps containing thirty thousand men. Our navy is now seaworthy as strong as the fleet of the Spanish-American war. Our army and our navy, will dispose of the Kaiser.

Uncle Sam starts nothing that he cannot finish. In 1776 he finished George the Third and in 1918 he will finish the Kaiser. The Kaiser feels sick and Uncle Sammy is the one that will fix him.

A Nail in the Kaiser's Coffin. The Liberty Loan is lending to the government so that the war will soon be brought to a close, with a speedy and honest and just peace. Every bond

Dandruffy Scalps Lead to Baldness

If your hair is thinning out, prematurely gray, brittle, lifeless, full of dandruff and your head itches like mad it's a sure sign that you are suffering from dandruff and quick action must be taken to save what hair you have and start a new growth. Don't wait until the hair root is dead, for then nothing can help you, but get from your druggist today a package of Parisian sage—it don't cost much and there's nothing you could use better. Dr. Sangerbund, the famous Parisian specialist, discovered that dandruff and falling hair are caused by the same thing, the discovery of the value of the genuine Parisian sage (liquid form) to destroy the dandruff and prevent further loss of hair and the formation of dandruff. You will surely be delighted with the first application, for your hair will be bright-looking, all itching and dandruff gone, your scalp feels cool and comfortable. A few days later the Parisian sage are all that are usually needed to destroy the dandruff and prevent further loss of hair and the formation of dandruff. You will surely be delighted with the first application, for your hair will be bright-looking, all itching and dandruff gone, your scalp feels cool and comfortable.
